These 4 top-notch train controllers say, "It costs twice as much in the hand... Walk to your nearest counter today with pens and put your letter on equal terms ... This story is an artistic reproduction of an event that happened about 50 years ago in one of the countries of South America. It's hard to believe. How can I believe that at one time, before there were computers, people just wrote letters by hand? How? There is nothing surprising. You've probably done it too, maybe you're even writing a book! This means that people use pens and paper. And it can be long enough for you to say something important.
