[TrinityCore]Jeeje's WoW V4 (3.3.5A) Hello, can anyone confirm if the new GM Commands will work on the latest patch level. 1.3.5a?By SAnad The New Delhi government in India has planned to inaugurate the world's largest Solar Power Plant in a couple of months, the official announcement said. According to the plan, the government has planned to

develop the capacity of the plant which is over 800 megawatts. It has all its demands in India including the state of Chhattisgarh, Jharkhand, Maharashtra, Madhya Pradesh, Karnataka and West Bengal. "Cidco has drawn up a detailed development plan for the 660-MW capacity and a work schedule," said an official from the Central Electricity Authority. Mr. S.K. Basu, the chief of the central electricity authority, has accepted the plan of the department of power, he said. Cidco had proposed to commission the plant in 2014, but the plan was shelved to improve the power generation capacity. The total capacity of the plant, in an area of 12,500 acres in Chhattisgarh, will be over 1,000 megawatts and would generate about 18,000 megawatts of electricity daily. The city of Abu Dhabi, UAE, has also planned to build a 700-megawatt power plant in the UAE.

3.0: The Rooster Counter

The 3.0 Rooster Counter measures the time the rooster crows. Use it in conjunction with the 6.0 Rooster Counter to calculate the number of minutes per day. The zero setting turns off the rooster counter. Once you start the minute counter, you must set it to the minute count you want to measure. One of the limitations of the 6.0 Rooster Counter is that it can count more than one ro
