Their answer was "It depends". The CBC did a public service program and asked a few white people if they thought that diversity was a good thing. Of course, every white person in Canada loves diversity. After all, it can be confusing if you have different languages, cultures, and religions and you have so many similarities. It can be confusing, and so diversity is good! Of course the liberals are going to like it when it's not because they are liberals. It's like trying to tell a socialist that they like capitalism. It makes no sense, and they are usually either really dumb, or really hardcore. Advertisements Diversity is good, except when it's not, and then diversity is bad. This sounds crazy, but it's not, because there are white supremacists with the same outlook of everybody else. It has to do with their outlook on race and that's why white people, along with every other demographic is confused by it. You may be thinking, it's not only that white people think diversity is bad, but they are confused about it, or not even know what diversity is. Nope, this is being a liberal, and there are plenty of white people that are confused about it. It's racism, and it's not at all good. Yes, I had to point out the fact that white people are not confused about this, but I could have focused on that while you were reading this paragraph. The focus of this article has to do with the fact that white people are the most racist group in Canada. In a country that has been around for centuries, we should have no problem figuring out what diversity means, right? It's a white thing. White people think of themselves as superior to the rest of the world, and they feel like it. I'm not talking about the hipsters that wear Timberlands, or the pretty boy football players, but the white
