In some cases, these doors and/or windows may be hinged or pivoted on the vehicle in a manner such that the door or window may be opened relative to the vehicle to provide access to the interior of the vehicle and closed relative to the vehicle to provide a seal between the interior of the vehicle and the exterior. These doors and/or windows may include one or more components such as sliding doors and/or sliders, lift gates, rotating doors, and/or window lifts. In some cases, such components may be subject to failure such that they may not provide the functionality intended.Q: Unable to loop through multiple records using jquery I'm unable to get the looping through multiple records to work properly for my HTML table.
