
Autodesk Revit 2017 Win64 .rar [HOT]

2010 - when installing Revit 2011, we find that the massive RAR file is 2 GB. C:\Autodesk\Autodesk_Revit_Architecture_2011_English_Win_32-64bit . A 3D model (or part of it) can have up to 1024 files or more. At the same time, the size of each file (or part of a file) should not exceed 1 MB. If you decide to download and install Revit 2011, but it turned out to be significantly large (more than 2GB), then in this case there is no other choice but to reduce the file size. In doing so, we will look at 3 main ways to reduce the file size. Method No1 1) Run the Revit program. 2) In the Revit window that appears, open the "File system" tab.
