## **Bird Pirates Game**

the pirates got off to a slow start last night against the reds, but they made up for it with a strong finish. brandon cumpton, who had to leave after two innings, allowed only two runs in the second. he fanned four in the inning. starling marte had three hits and scored two runs, and jordy mercer had a solo homer and doubled. what can you get for a kid who may have never had the chance to play baseball? this game is about more than just baseball. it's about reaching kids where they are and giving them a quality opportunity to learn the game. one of the things i told the kids is that i am not going to try to change your belief about how the game is played, i am just going to be your coach and mentor. i wont be trying to lead them to any specific position. i wont be trying to teach them how to think. i will be there as a teammate and as a friend, and if they want me to teach them that, thats great. i will teach them how to play. if they want to teach me that, thats great. if they want to learn that, that is wonderful. this game is about more than just baseball. our goal for the future is to provide a platform that allows our players to immerse themselves in a simulated reality that will give them the opportunity to experience the sport in ways that were never possible before. for example, we have created a game where players are able to train on a field with current and former players, and experience the game from first-person perspective. it's hard to describe in words. players are able to go on simulated games and put themselves in the shoes of the pitcher or the hitter. 5ec8ef588b
